

Chapter Officers

President: Peter F. Bailey

President-Elect: Shawn LaBelle

Vice President: Mike Cook

Secretary: Tom Dacres

Board of Governors:

Heather Condon

Scott Alexander

Nathan Mascolino

Jerry Cabot

CRC Delegate: Peter F. Bailey

CRC Alternate: Shawn LaBelle

Committee Chairpersons

Treasurer: Ken Secor

Student Activities: Shawn LaBelle

Membership Promotions: Mike Cook

Technology Transfer: Peter F. Bailey, Heather Condon

Research Promotions: Heather Condon

Refrigeration: Peter F. Bailey

History: Gretchen Langfeldt

The Year in Review

It was a great year for our chapter. Our Chapter Funds have been strong again this year with \$15,522.00 in our checking account and again we reached our goal in Research Promotions raising 4,129.03.

This years meeting attendance exceeded last years by about 25% and we had 26 new student members join our chapter. Our student members this year entered the National 2010 ASHRAE student design competition and in April we presented our Vermont Technical College Scholarship award of \$400.00 to Anthony Belloir who is Graduating with a BS in Architectural Engineering.

Some of our highlights of the year was hosting distinguished speaker Bill Coad who gave a great presentation on "The Ethics and Economics of Energy Conservation". This year we also had a Refrigeration night and a Solar night that were combined meetings with our local Chapter RSES group. Some of our other Technical topics included Biomass systems, Steam Conservation, VAV Systems, and a Day Seminar on Building Information Modeling (BMI).

We also toured three great places this year which were the McCarthy Arts Center, Teal Farm and ended the year off at our last meeting in June at Switchback Brewery where we had a nice barbecue meal with plenty of drink.
